Education

2019-2023
Bachelor of Computer Science and Technology
Beibu Gulf University

2013-2016
WAEC Certificate
St. John's Senior High School

Skills

- HTML, CSS, JavaScript, Typescript
- SQL Server, No SQL, MySQL
- React JS, Next JS, Python, Agile Frameworks
- Practical Knowledge of CMS Backends and Services
- SCSS, Tailwind CSS
- Solidity and Web3 Development

Language

English (Advance)
Chinese (Basic)

Experience

2020/07 - Present

Project Developments

- Invented a ready production blockchain application that allows users to create pages with an on-chain editor and perform other awesome features on the blockchain. This application is the first web3 dapp that can serve as an email service.
- Developed a minimal blockchain minting application with solidity, HTML and CSS.
- Helped a mate to build and deploy an innovative PHP script which provides services for writers and bloggers.
- Built a minimal yet upgradeable site that makes api calls to fetch movies.
- Developed a website for a construction agency for consultations and exhibition of their amazing works.

2022/11 - 2022/12

Jianju Technology I Qinzhou

Intern Engineer

Worked as a junior technical engineer under senior engineers who supervise the production and application of the two basic core technologies of Jianju technology.

2017 - 2018

Qualitek Primary School I Obuasi, Ghana

ICT Teacher

Started teaching as an Information Communication Technology teacher at a basic school after completing high school.

Qualities

#Adaptability #Teamwork #Innovative #Inventive #Interpersonal Communication #MS Office #Creative #Innovative #Timely Productive #Positive Always
